

ROXY BEAR

February 15, 2023

Bear Over your lifetime you gave more to others than yourself, always with the butt rub and rable-rable bark to the kids. You gave mom and I the best 11yr 7months any dog parents or family that you are always be a part of in that time and place in our memories and hearts. It might have seemed we saved you from the shelter, yet in your eyes and soul everyone especially me found the shelter and quite place in our hearts and soul to be better persons. BEAR you might not physically be here anymore your soul and heart will live in OURS. Till the day I see you again at the gates of haven with all that we love. LOVE DAD AND MOM
